## **Across**

- 5 A dry often, sandy area where hardly any plants grow because there is so little rain.
- 8 A specified district or territory
- 9 A sudden violent shaking of the earth caused by a shifting of the earth's crust.
- 10 A channel that is dug across land. It connects bodies of water so that ships can travel between.
- 15 a tropical or subtropical grassy area with scattered trees and lots of undergrowth
- 16 The part of the earth's surface that is not covered by water.
- 17 The usual weather in a place, as in a warm climate, not the daily temperature.
- 18 A line that forms the boundary between the land and the ocean or a lake.
- 19 An extensive area of level or rolling treeless country.

## **Down**

- 1 The dividing line between one country or region and another.
- 2 A part of the world with its own borders and government.
- 3 To do with our living in a hot, rainy area of the tropics.
- 4 A dense growth of trees and underbrush covering a large area.
- 6 A series of connected mountains.
- 7 The amount of a surface within a given boundary measured in square units.
- 9 The height above sea level.
- 11 An area of high, flat land.
- 12 A mountain with vents through which molten lava, ashes, cinders, and gas erupt, sometimes violently.
- 13 An impenetrable thicket or tangled mass of tropical vegetation.
- 14 A very high piece of land.
